### AMERICAN SAVINGS BANK REPORTS FIRST QUARTER 2019 EARNINGS

***1Q2019 Net Income of \$20.8 Million  
Return on Assets of 1.18% and Return on Equity of 13.1%  
Continued Strong Profitability and Capital Position at Bank***

HONOLULU - American Savings Bank, F.S.B. (American), a wholly-owned subsidiary of Hawaiian Electric Industries, Inc. (**NYSE: HE**) today reported net income for the first quarter of 2019 of \$20.8 million compared to \$21.8 million in the fourth, or linked, quarter of 2018 and \$19.0 million in the first quarter of 2018. Key measures of profitability remained strong, with return on average equity of 13.1%, versus 14.1% in the linked quarter and 12.6% in the prior year quarter.

“In addition to continued healthy financial performance in the first quarter, our most important accomplishment so far this year is the completion of and consolidation of our team into our new ASB Campus,” said Rich Wacker, president and chief executive officer. “We are excited about all the possibilities the new campus offers us to work better together for customers and to realize operational effectiveness and cost efficiencies.”

#### **Financial Highlights**

Net interest income was \$63.7 million in the first quarter of 2019 compared to \$63.4 million in the linked quarter and \$58.5 million in the first quarter of 2018. Net interest margin was 3.99% in the first quarter of 2019 compared to 3.95% in the linked quarter and 3.76% in the first quarter of 2018. Consistent improvement in net interest margin throughout 2018 and into 2019 was primarily driven by higher yields on earning assets as a result of the higher interest rate environment, combined with our continued low cost of core deposits.

The provision for loan losses was \$6.9 million in the first quarter of 2019 compared to \$2.4 million in the linked quarter and \$3.5 million in the first quarter of 2018. The increase in the provision over the linked quarter was primarily due to favorable credit events that reduced the provision in the fourth quarter of 2018 and

additional reserves required for two loans in the commercial and commercial real estate portfolios. The higher provision over the prior year quarter was primarily due to the additional reserves for the two aforementioned loans. Nonaccrual loans as a percent of total loans receivable held for investment was 0.83% in the first quarter of 2019 compared to 0.56% in the linked quarter and 0.53% in the prior year quarter, with the increase driven by the same commercial exposures impacting provision expense. The annualized net charge-off rate was 0.39% in the first quarter of 2019 compared to 0.37% in the linked quarter and 0.28% in the prior year quarter.

Noninterest income was \$14.6 million in the first quarter of 2019 compared to \$13.5 million in the linked quarter and \$13.4 million in the first quarter of 2018. The increase in noninterest income in the first quarter of 2019 compared to the linked quarter and first quarter of 2018 was primarily due to bank-owned life insurance proceeds received during the quarter.

Noninterest expense was \$45.2 million in the first quarter of 2019 compared to \$45.7 million in the linked quarter and \$43.9 million in the first quarter of 2018. Noninterest expense in the first quarter of 2019 included new depreciation and occupancy costs of \$1.3 million related to the new campus building while still including the costs of four properties being vacated. Of the four properties, two are owned by American and have been listed for sale and lease obligations for the remaining two properties end in the second quarter of 2019. The quarter also included higher compensation and employee benefits expense of \$1.1 million compared to the first quarter of 2018 primarily due to annual merit increases and the 2018 increases to the entry-level employee wages.

Total loans were \$4.9 billion at March 31, 2019, up \$14.6 million or 1.2% annualized from December 31, 2018. The increase in total loans was driven mainly by increases in residential loans of \$16.5 million, and increases in home equity loans of \$17.4 million, partly offset by declines within the commercial and commercial real estate portfolios of \$11.7 million and \$4.4 million, respectively.

Total deposits were \$6.2 billion at March 31, 2019, an increase of \$46.8 million or 3.04% annualized from December 31, 2018. Low-cost core deposits increased \$94 million or 7.1% annualized from December 31, 2018. The average cost of funds was 0.31% for the first quarter of 2019, up 3 basis points from the linked quarter and up 8 basis points from the prior year quarter.

Overall, American's return on average equity was 13.1% in the first quarter of 2019 compared to 14.1% in the fourth quarter of 2018 and 12.6% in the prior year quarter. Return on average assets was 1.18% in the first quarter of 2019 compared to 1.25% in the fourth quarter of 2018 and 1.12% in the same quarter last year.

American's solid results enabled it to pay dividends to HEI of \$18 million in the first quarter of 2019 while maintaining healthy capital levels-leverage ratio of 8.7% and total capital ratio of 13.9% at March 31, 2019.
